

WE R THE LETTERS

The Lesbian, Gay, Bisexual, Transgender, Queer and Ally community is often described in the acronym LGBTQA. No matter which letter describes you (or if the identity that captures your life isn't commonly listed), we often look for ways to support and encourage each other, but might not know how.

Please use this paper to do just that. **Write a short note, a letter, a poem, or draw picture to let someone else know that they are important and encourage them to be proud of who they are.**

Those receiving letters will be encouraged to write a letter of their own.

A selection of letters will be shared on social media.
