

# EVERY MEAL MATTERS

## *Chase Brexton's Food Distribution Program*

Chase Brexton Health Care recognizes that food insecurity is a real problem for many of our patients. Chronic health conditions can also lead to food insecurity. Our goal is to deliver food staples to our patients 2-3 times a month providing a family of four with supplemental food for a week. This program relies on volunteers to transport food to one of our Centers in the Baltimore region and/or distribute it to our patients. Volunteers make it all happen! I hope we can count on you.

### Role of the volunteer

Commit to being available for an entire shift, usually 10am – 3pm

\*Be able to lift 15 lb boxes

\*Distribute food to patients

### Schedule:

First Tuesday of the month— Columbia Center
